

ADVANCE PRAISE FOR CLAUDE MILLER'S "LA PETITE LILI"

"Miller directs with assurance, and his actors all hit their marks with aplomb... 'La Petite Lili' is a work of whimsy, passion, visual lushness and no small degree of warmth for its characters, and that's saying something." – **Hollywood Reporter**

"A mature, mellow tranche of French humanist cinema, flecked with sly wit and played by an aces cast, Claude Miller's 'La Petite Lili' will find a warm welcome among upscale viewers attuned to the finer things in life." – **Variety**

"Claude Miller's sun-kissed adaptation of Chekhov's dour 'The Seagull,' 'La Petite Lili' (***/****), a conversation about the cost of the creative impulse transplanted to the south of France and peopled by the impossibly beautiful people, including Ludivine Sagnier (last seen in all her glory in 'Swimming Pool'), the picture is slow-moving and, ultimately, drenched in a golden sadness. – **Film Freak Central**
