BEFORE STONEWALL

Experience the fascinating and unforgettable history of homosexuality in America through eye-opening historical footage and interviews with those who lived through it. Revealing and often humorous, this widely acclaimed film re-lives events from the 1920s up until the fevered 1969 riots.

"Required viewing." -The Apollo Guide

AFTER STONEWALL

After Stonewall chronicles lesbian and gay life from the 1969 Stonewall riots to the new century, capturing the hard work, tragic defeats and exciting victories experienced. It explores how AIDS literally changed the direction of the movement.

"Entertaining and enlightening!"

-Los Angeles Times

"What started tumbling out of the closets at the time of Stonewall has profoundly altered the way we all live."

- Andrew Kopkind, *The Nation*

On June 28, 1969, the NYPD raided the Stonewall Inn, a mafia-run gay bar in New York's Greenwich Village, leading to three nights of rioting by the city's gay community. With this outpouring of courage and unity the gay pride movement had begun.

These two seminal documentaries tell the remarkable tale of how homosexuals, a heretofore hidden and despised group, became a vibrant and integral part of America's family, and, indeed, the world community.

Featuring Dorothy Allison, Michael Bronski, Rita Mae Brown, Barney Frank, Barbara Gittings, Arnie Kantrowitz, Larry Kramer, Craig Lucas, Armistead Maupin, Leslea Newman, Barbara Smith, and many more!
